Caspian
University

” *When you study abroad every phase is a learning experience.*

ISM EduTech was created in 2010 with the goal of scaling up excellent healthcare services and attaining greater heights in the future. ISM EduTech is the leading company providing international medical education services. ISM EduTech has come a long way in the last 12 years and has made a significant contribution. Begun with a few students, this company has sent over 9,000 students to the world's greatest medical universities in Tajikistan, Kyrgyzstan, Kazakhstan, Georgia, and Barbados.

Caspian International School of Medicine, is a multidisciplinary institution that provides medical students with high-quality, comprehensive training. The institution has around 200 professors, and students get medical training at renowned clinical locations in Almaty.

Caspian International School of Medicine has associations with universities both in the country and abroad. As a result, the academic mobility program provides students with the chance to practice and study abroad.

About Country

Kazakhstan, located in the center of Eurasia, first came on the global map in 1991. The word Kazakh, which is of Turkic origin, is supposed to signify "free man," which is fitting for a nation historically populated by free-spirited nomads.

Kazakhstan's economic potential is immense. The diverse terrain runs from the mountainous, densely populated eastern regions to the thinly inhabited, abundantly energy-rich lowlands of the west, as well as from the industrialized north, with its Siberian ice cap.
